

Entering IB Juniors will write a fully researched 4 page (4FULL pages NOT 3 1/2) that:

is double-spaced

meets all the conventions of MLA

has 6 sources

one source MUST be a hard copy book

one source MUST be a hard copy periodical

there is a title page

there is a bibliography

correct margins

The subject of the paper is to take a symbol and BRIEFLY give the history (the entire paper is NOT the history) of the symbol (origins, etc), a short description of the symbol (no visuals please), and then explain its relevance to today's society.

Students will bring the paper the FIRST day of class. Students will be given a grade for that assignment. In IB there is NO late-please the IB rules and policies concerning this. Even if you are not in class the paper is still due BEFORE the class starts for that day. Students please make 2 copies-one for the teacher to keep and one that you have electronically to work from as the teacher directs.
